Mehmet Utkan Gezer

Resumé

▬▬▬ Education

2018–	**MS**, *Boğaziçi Üniversitesi (Bosphorus University)*, Istanbul, *GPA: –*. Studying in the Computer Engineering department. Focusing on Theoretical Computer Science, advised by Prof. Cem Say.
2013–2018	**BS**, *Boğaziçi Üniversitesi (Bosphorus University)*, Istanbul, *GPA: 3.24*. Graduated from the Computer Engineering department.
2012–2013	**—**, *Istanbul Teknik Üniversitesi (Istanbul Technical University)*, Istanbul, *GPA: –*. Studied in the Architecture department for one semester.
2007–2012	**Abitur**, *İstanbul Erkek Lisesi (Istanbul High School)*, Istanbul, *Grade: 3.3*. 4 years of education after 1 year of German language preparation.

▬▬▬ Languages

Turkish	Native	
English	Advanced	*Language of education in the University. Certified by BUEPT, PTE-A, and YDS.*
German	Advanced	*Language of education in high school. Certified by Abitur.*
French	Beginner	*One month of foreign language course by Institut Français.*

▬▬▬ Computer skills

Languages and Scripts	I have developed projects using Julia, C, Python, Java, HTML/CSS/JavaScript, Regular Expressions, MATLAB, C#, C++, and SQL. I have studied Haskell, Prolog, Verilog, and x86 Assembly.
Operating Systems	I use Windows 10 and WSL predominantly, and macOS on a regular basis. I am experienced with some Linux distributions.
Softwares and Tools	I am experienced in Latex, Microsoft's Excel, Azure, AWS, relational and JSON databases. I currently develop using mostly NeoVim, PowerShell, Bash, and Sublime Text.

Experience

Academic

2018 Fall — **Volunteer Teaching Assistant for CMPE 350**, *Boğaziçi University*, Istanbul.
Held problem solving sessions for Formal Languages and Automata Theory classes.

2017 Fall — **Student Teaching Assistant for CMPE 150**, *Boğaziçi University*, Istanbul.
Worked as a lab assistant for Introduction to Computing classes.

2017 Spring — **Student Teaching Assistant for CMPE 260**, *Boğaziçi University*, Istanbul.
Helped preparing projects assigned to students of the Principles of Programming Languages course. Assessed quizzez.

2016 Fall — **Student Teaching Assistant for CMPE 150**, *Boğaziçi University*, Istanbul.
Worked as a lab assistant for Introduction to Computing classes.

2016 Spring — **Student Teaching Assistant for CMPE 160**, *Boğaziçi University*, Istanbul.
Lab assistant for Introduction to Object Oriented Programming classes. Assessed the assignments.

2015 Fall — **Student Teaching Assistant for CMPE 220**, *Boğaziçi University*, Istanbul.
Helped students on their course related work in Discrete Computational Structures class. Assessed assignments.

2014 Fall — **Student Teaching Assistant for CMPE 150**, *Boğaziçi University*, Istanbul.
Supervisor of the lab sessions for Introduction to Computing classes.

Industrial

2018 Spring — **Internship as Software Developer**, *HCM Technologies*, Istanbul.
Developed web applications for the company's needs in a small group environment.

2017 Winter — **Internship as SAP Developer and Consultant**, *SAPWISE*, Leça do Balio, Portugal.
Have been trained on how to work with SAP NetWeaver/MII and ABAP, and provided help to my coworkers on their tasks.

Miscellaneous

2017 Summer — **Visiting Attendee**, *Computational Psychiatry*, Zurich.
Attended some of the conferences given in the Computational Psychiatry 2017 event took place at the university ETH Zurich as a guest.

2015 Fall — **Chorist (Tenor)**, *Boğaziçi University Music Club*, Istanbul.
Participated in the Classical Music Choir of Boğaziçi University Music Club for one semester.

2012–2013 — **Community Tester and Bug Reporter**, *Valve Software (Volunteer)*, Istanbul.
Tested the game Dota 2 for its bugs and reporting them in a concise fashion.
Found and reported over 300 bugs to the developer forum under a nickname.

Interests

- Cycling for commute.
- Slowly doing jigsaw puzzles, finishing 2 to 3 large puzzles a year.

Etiler Mahallesi, Seheryıldızı Sokak, 19/1 – 34337 İstanbul – Türkiye
